General Information

Purpose Statement: The purpose of the full-day conference is to provide trauma care providers, emergency response personnel and all personnel involved in the continuum of care of trauma patients the opportunity to identify as well as review current care of the trauma patient. An increasing number of states have implemented a statewide trauma system as a way to reduce needless death, injury, and suffering. The Wisconsin Trauma Care System goes a step further by facilitating a regionalized system that makes efficient use of all appropriate health care resources and allows for the unique requirements of the state's diverse population, including rural, urban, and Native American Communities. The nine Regional Trauma Advisory Councils (RTACS) in conjunction with the State Trauma Advisory Council (STAC) are the foundations for incorporating the State of Wisconsin Trauma System. The Southeast Regional Trauma Advisory Council (SERTAC) promotes optimal trauma care across local, regional, and state boundaries through healthcare professionals who strive to provide quality care.

Conference Objectives: At the end of the conference, attendees should be able to better understand Trauma and Preparedness programs; identify key variables related to their practice; apply the information gained to their practice and improve patient care.

Target Audience: The intended audience includes Trauma Care Providers, Emergency Response Personnel, personnel involved in the continuum of care of trauma patients, and other persons interested in trauma or emergency preparedness.

Continuing Education: Froedtert Hospital is an approved provider of continuing nursing education by the Wisconsin Nurses association, an accredited provider by the American Nurses Credentialing Center's Commission on Accreditation.

This conference will offer 6.0 nursing contact hours. To receive the contact hours, participants must attend the entire conference and complete an evaluation for each session.

Application has also been made to the American Association for Respiratory Care (AARC) for continuing education contact hours for respiratory therapists

Disclosures: It is the policy of Froedtert Hospital to ensure balance, independence, objectivity, and scientific rigor in all its educational activities. All persons in a position to control the content of an educational activity are required to disclose any financial relationships with commercial interests occurring over the preceding 12 months. Froedtert Hospital CE staff then determine whether the disclosed relationships are relevant to the content of the educational activity, and appropriate measures are taken to resolve any resulting conflicts of interest before the start of the activity.

Meet the Conference Speakers

Keynote Speaker:

Jasmeet Paul, MD

Fluid Resuscitation

Assistant Professor

Medical College of Wisconsin

Michael Connor, DO

Traumatic Seizure

Staff Neurologist

Columbia St. Mary's

David Herrmann, Pharm. D

Rapid Sequence Intubation

Surgical ICU Pharmacist

Froedtert Hospital

Jason Roberts, MD

Pelvic Injuries

Assistant Professor

Medical College of Wisconsin

Group Session Speaker:

Lynda Biedrzycki, MD

Deaths that Top the List the ER Never See

Medical Examiner

Waukesha County Medical Examiner's Office

Andrew Dodd, MD

Upper Extremity Injuries

Plastic Surgeon

Aurora Medical Group

Mark Kostic, MD

Street Drugs & Toxicology

Associate Professor

Medical College of Wisconsin

Steven Sewall, D.D.S.

Oral Maxillofacial Injuries

Professor and Division Chief

Medical College of Wisconsin

Closing Remarks:

Claire Rayford, RN

Closing Remarks with Claire

Public Information Officer

Flight for Life Transport System

Amy Drendel, DO, MS

Pediatric Pain Management

Assistant Professor

Medical College of Wisconsin

Sgt. Jeffrey Kranz, Retired

Active Shooter

Milwaukee Police Department

Tactical Enforcement Unit

Pre-Conference Speakers:

Bradley Bowen, CCEMT-P

Patient Tracking: A Statewide Approach

EMS Training Program Director

Lake County Fire and Rescue

Conference Speakers:

Bradley Bowen, CCEMT-P, et. al

Conference Agenda

Friday September 14th, 2012

Opening Sessions 0800-0910

0700-0800 Registration and Continental Breakfast

0800-0810 Welcome Announcements by Lisa Haas-Peters, RN

0810-0910 Keynote Speaker: by Jasmeet Paul, MD

Dr. Paul will be presenting the topic Fluid Resuscitation and the Trauma Patient.

Session Two Breakouts 0930-1030

- A. Trauma Case Study: Bradley Bowen, CCEMT-P, et. al., How the Trauma System works locally, from the scene to recovery.
- B. Acute Respiratory Distress Syndrome: Dr. Fox, ARDS and its effect on Trauma Patients.
- C. Pelvic Fractures: Dr. Roberts, Pelvic Fractures and the Trauma Patient.
- D. Spinal Cord Injuries: Dr. Kurpad, Spinal Cord Injuries and the Trauma Patient.

Session Three Breakouts 1035-1135

- A. Arterial Blood Gas Interpretation: Richard Gillard, RN, ABG's and their relation to the Trauma Patient.
- B. C-Spine Immobilization: Dr. Cappellari, C-Spine Immobilization and the Trauma Patient.
- C. Distracted Driver: Lisa Heinz, RN, Distracted Driving and how it's become a leading cause of trauma.
- D. Seizures: Dr. Connor, Traumatic Seizures.

Session Four Breakouts 1220-1320

- A. Street Drugs & Toxicology: Dr. Kostic, Street Drugs and Toxicology.
- B. Child Abuse: Dr. Rabbitt, The Signs and Symptoms of Child Abuse.
- C. Active Shooter: Sgt. Jeffery Kranz, The Active Shooter, a growing cause of trauma in recent years.
- D. Tourniquets and Hemostatic Agents: Dr. Liu, Tourniquets and Hemostatic Agents and their use in the management of Trauma Patients.

Session Five Breakouts 1340-1440

- A. Rapid Sequence Intubations: David Herrmann, Pharm. D, Rapid Sequence Intubation of the Trauma Patient.
- B. Oral Maxillofacial injuries: Steven Sewall, DDS, Oral Maxillofacial Injuries on the Trauma Patient.
- C. Upper Extremity Injuries: Dr. Dodd, Upper extremity injuries on the Trauma Patient.
- D. Pediatric Pain Management: Dr. Drendel, Managing pain in the pediatric Trauma Patient.

Closing Sessions 1445-1600

1445-1545 Group presentation: by Lynda Biedrzycki, MD

Dr. Biedrzycki will be discussing Deaths that Top the List the ER Never Sees.

1545-1600 Closing remarks: by Claire Rayford

Registration

Please complete the Registration form and send via mail with payment before September 8th, 2012.

Please make the checks payable to: Southeast RTAC

Please mail the registration form and payment to:

Attn: Jennifer Lueck, Trauma Program
C/O Froedtert & The Medical College of Wisconsin
9200 West Wisconsin Avenue, Milwaukee, WI. 53226

Please Print:

Name: _____
